the data, a limitation not found in either Smith et al. nor Ruppert et al. and not discussed in the office action. Further, one of ordinary skill in the art would not have combined Smith et al. and Ruppert et al. to meet the limitations of claim 19 because the Smith et al. and Ruppert et al. devices are concerned with fields that are so different from each other.

In view of the foregoing amendments and remarks, favorable reconsideration and allowance are respectfully requested and deemed in order.
